CLAIMS SUPPORT FOR INSURERS, BROKERS, ADJUSTERS AND LAW FIRMS

Your claims files, prepared by someone who has sat in every seat

We do the reading, checking and drafting that takes your people the most time. Your licensed adjuster, broker or lawyer reviews, signs and stays the name on the file.

Marine cargo claims and survey review

Claim files built from the shipping documents, coverage review under the Institute Cargo Clauses, and checks of first loss and final survey reports for cause, quantum, salvage and recovery.

For cargo insurers, marine adjusters, brokers and recovery firms

Carrier recovery and time bars

Notice periods and time bars diarised on day one; notices, extension requests and draft recovery demands against carriers, ports and warehouses.

Hague-Visby, Hamburg, Montreal and CMR

Policy checking for brokers

Issued policies checked line by line against the quote and binder, coverage comparisons across markets, and plain-language renewal summaries.

Output: a discrepancy list with page references

Back-office claims support

File reviews, coverage analysis, claim summaries and first drafts of letters, often prepared overnight in your own templates.

For independent adjusters, TPAs and MGAs

Research for coverage counsel

Policy-wording analysis, claim chronologies and research memos with sources, prepared under the instructing lawyer's direction.

For coverage and subrogation law firms

Training

Marine cargo claims training for claims and operations teams through Meridian Insurance Academy.

Group training on request

Who leads the work

- **Insurer:** Senior Claims Executive, Property and Casualty, Tawuniya, Riyadh, mostly marine claims (2010 to 2017), including a USD 5 million marine claim
- **Surveyor:** Deputy General Manager of a Delhi survey firm, leading 40 surveyors and reviewing their marine survey reports
- **Insured:** Insurance Manager for an export house; two fire claims settled in full
- AIII; CII (London) diplomas in insurance law, reinsurance and aviation insurance; LL.B.

How we work

1. Tell us the type of files and monthly volume. No documents yet.
2. We confirm scope, turnaround and a fixed fee per file in writing.
3. You share the file through your own secure system; we keep no copies after delivery.
4. You review, edit and issue the work in your firm's name.

Start with a pilot

Five real files at a fixed price per file. No retainer and no minimum commitment.
